Dear Bob:

For one who is to turn 65 in September, I write to offer my sincere appreciation to the Chamber and Amy Moracco for her kind and professional guidance through the pitfalls of the almost incomprehensible system known as Medicare.

For several months I have been receiving booklets and pamphlets from every conceivable medical insurer in the country and found, even as a lawyer, that I became confused as to just exactly was appropriate medical coverage for myself.

After asking Amy to assist I found her explanations to be concise, clear, straightforward and reassuring.

Many thanks to Amy for a job well done.

Sincerely,

A. CLARK CANNON
